The Rooney family paid special attention to details during the renovation and has furnished this B&B with antiques and antique reproductions to give the Roost a feel of 1900's Alaska.

Wrangell

Wrangell, Alaska, is on an island nestled at the mouth of the mighty Stikine River. The small town offers visitors a friendly taste of an authentic island community amid the unique and pristine wilderness in Alaska. Wrangell is known as the "Gateway to the Stikine River", where friendly people look you in the eye and are happy to help.

Walk amongst petroglyphs and imagine the people who carved them thousands of years ago. Visit Chief Shakes Island and Tribal House, Kik-setti Totem Park and Wrangell Museum for a glimpse into Tlingit Natives way of life. Take in a round of golf at Muskeg Meadows Golf Course. Hike up to Rainbow Falls or stop and pick the abundant wild blueberries, huckleberries and salmonberries.

The most popular day trip from Wrangell is to Anan Wildlife Observatory. Located 30 miles southeast of Wrangell on the mainland, Anan Creek is the site of one of the largest pink salmon runs in the Inside Passage. From the viewing platforms at the observatory, you can watch eagles, harbor seals, black bears and a few brown bears chowing down on the spawning salmon.

Check Out: **Day 7**

Your hotel is located right downtown on Main Street in Petersburg. Complimentary transportation is included, both from the ferry terminal and airport as needed. It has 35 rooms in four stories with a coffee shop next to the comfortable lobby. A light continental breakfast is served for your enjoyment.

Petersburg

This community of roughly 3,000 is centered around its busy and scenic waterfront, which is lined with wharfs, working boats and weathered boathouses, while tidy homes and businesses – many decorated with distinctive flowery Norwegian rosemaling – line the quiet streets. The best examples of rosemaling are seen along Sing Lee Alley, the center of old Petersburg. Most of the street is built on pilings over Hammer Slough and dominated by the Sons of Norway Hall, a large white building that was built in 1912 on pilings. Hammer Slough itself is a delight to photographers providing colorful images of Petersburg's waterfront.

Petersburg lies across Frederick Sound from a spectacular glaciated wall of alpine peaks – including the distinctive Devil's Thumb – that form a skyline of jagged snowcapped summits. Nearby LeConte Glacier discharges icebergs to the delight of visitors. To the south is most of Mitkof Island, where a road system leads visitors to U.S. Forest Service campgrounds, hiking trails, fish ladders and a hatchery and a trumpeter swan observatory. LeConte Glacier lies 25 miles east of Petersburg. Day cruises to view the glacier and flightseeing excursions over the glacier are popular. More adventurous travelers can join guided kayak trips to view the glacier and the seals that often gather on its icebergs. Closer to Petersburg, there are more opportunities to kayak, hike and rent public-use cabins.

One of the most popular activities in Petersburg is whale watching. From mid-May to mid-September humpback whales migrate through and feed in Frederick Sound, northwest of town. The peak feeding period is July and August when you also might spot Steller sea lions, orcas and seals.

Day 6:

Whalewatching

Duration: 8 Hours

The Inside waters of Southeast Alaska are well protected from the weather and are incredibly rich with marine life. Frederick Sound is the summer home to a large humpback whale population, where they can be found feeding and playing from May through September. You may also experience killer whales, Dall's porpoise, Stellar sea lions, harbor seals, and bald eagles while on your tour. Snacks and beverages are included.

Your guide will pick you up at your accommodations 15 minutes prior to your scheduled departure.

Gustavus and Glacier Bay

Located just a few miles from park headquarters, the town of Gustavus is the jumping-off point for adventures in Glacier Bay National Park and Preserve and a charming little village of artists, fantastic gardens, wild strawberries, stunning views and even a small golf course.

With its spectacular glaciers and abundance of marine wildlife, Glacier Bay National Park and Preserve has become the crown jewel in the itinerary of many cruise-ship and independent travelers. The bay features seven tidewater glaciers that spill out of the mountains and deposit icebergs of all shapes, sizes and shades of blue into the ocean. Of the park's more than 300,000 annual visitors, over 90 percent visit on a cruise ship and never set foot on shore, but the independent travelers who come get the bonus of visiting nearby Gustavus as well.

Independent travelers can take a short flight from Juneau via jet or air taxi or hop on an Alaska Marine Highway ferry from Juneau. Like many places known for natural beauty, Gustavus boasts several acclaimed sculptors, painters, potters, jewelers and woodcarvers. You can see their work at local galleries, studios and shops in town. Beachcombing, hiking on the Nagoonberry Loop trail, biking through town or playing a round at the Mount Fairweather Golf Course are popular ways to spend the day.

This B&B features 14 deluxe suites in a unique Victorian-style Farmhouse. Come and spend a blissful night in a plush feather bed and indulge in the wonderful homespun comforts all while being nestled in a quiet rural setting in the Mendenhall Valley.

A complimentary full breakfast is provided each morning of your stay. Complimentary transfers to/from the airport or ferry terminal are available.

Juneau

Downtown Juneau sits snugly between Mount Juneau, Mount Roberts and Gastineau Channel, and is a maze of narrow streets running past a mix of new structures, old storefronts and quaint houses featuring early 19th century architecture left over from the town's early gold mining days. The waterfront bustles with cruise ships, fishing boats and floatplanes zipping in and out. With no road access to Juneau, it is the only state capital in the United States that can only be reached by airplane or boat.

Juneau's lively downtown is compact, easy to navigate on foot and always a favorite with visitors. Within easy walking distance of the cruise ship docks are many of Juneau's main attractions, including the state capitol building, Saint Nicholas Russian Orthodox Church, several museums (Alaska State Museum is closed until April 2016) and historic South Franklin Street, where turn-of-the-century buildings today are gift shops, restaurants and pubs. Also nearby is the Juneau Convention & Visitors Bureau with visitor information, displays and walking tour maps of the city.

Just a 15 minute drive from downtown, one of the city's most iconic sites sits at the edge of a residential neighborhood: Mendenhall Glacier. The glacier sits within the Tongass National Forest – the largest national forest in the United States – and visitors to the area can watch icebergs calve off its frozen face into Mendenhall Lake, go for a hike or check out the Mendenhall Glacier Visitor Center. Mendenhall Glacier is one of the 38 major glaciers that extend from the 1,500-square-mile Juneau Icefield, and many of them can be seen from the air as part of a flightseeing tour. Most helicopter tours offer glacier landings, glacier treks and glacier dog sled rides.

Day 10:

Glacier View Sea Kayaking

Glide silently through the water, get an up-close look at wildlife, and enjoy ever-changing views of the Mendenhall Glacier. Just off the shore of North Douglas Island, this sea kayaking location provides the perfect vantage point to take in the grandeur of the Juneau Ice Field. Climb in double kayaks and learn paddling techniques from your experienced guide before pushing off and enjoying an interpretive narrative as you paddle through the Mendenhall Wetlands.

Stealthily approach wildlife—bald eagles, herons, shorebirds and waterfowl can be seen. Keep an eye out for porpoises and even humpback whales that occasionally surface for air. Includes an Alaskan-style snack.

Day 11:

Flight from Juneau to Sitka

Duration: 40 Minutes

Sit back and relax on this scenic flight from Juneau to Sitka. Fly time is approximately 40 minutes. Each passenger is allowed 3 checked bags for no charge and 2 free carry-on bags when flying in Alaska.

Sitka

Sitka is the only Inside Passage community that fronts the Pacific Ocean, hugging Baranof Island's west shore in the shadow of the impressive Mount Edgecumbe, a dormant volcano with a graceful cone reminiscent of Japan's Mount Fuji. Located on Sitka Sound and surrounded by a myriad of small, forested islands, the city of 8,615 residents is marked by the picturesque remnants of its Russian heritage, including the onion-shaped domes and gold colored crosses of the beloved Saint Michael's Russian Orthodox Cathedral.

Although first inhabited by Native Tlingit Indians, Sitka is recognized as the heart of the Russian influence in Alaska. The Russians arrived by 1741 and in 1804 attacked a Tlingit fort. The region's most famous battle eventually led to the creation of Sitka National Historical Park. Originally established as New Archangel, Sitka became the capital of Russian American in 1808. When Russia sold Alaska to the United States on October 18, 1867, the transfer ceremony took place on Sitka's Castle Hill.

Pick up a map from the Visitor's Center in Harrigan Centennial Hall offering several walking tours that highlight the city's history and culture including the Russian Blockhouse, Russian Bishop's House, Princess Maksoutoff's Grave and Castle Hill to name a few, that date back to the Russian era. There are 22 buildings in Sitka on the National Register of Historic Places, so there's plenty to see on a walk through town. Downtown features numerous art galleries, a fine bookstore and gift shops, while the city's main event during the summer is the Sitka Summer Music Festival.

Accommodation for 2 nights in Sitka

Check Out: **Day 13**

This hotel is conveniently located in downtown Sitka, Alaska on Sitka Harbor, less than two miles from the Sitka Rocky Gutierrez Airport. Edgecumbe. Complimentary transfers are provided to and from the airport.
